Welcome, Marko88! Last view 10m ago

Your Current Consumption is

234 kWh GOOD

Your Next Challenge is:

No Equipments on Stand By

🛊 イフイフイフ

Duration: 2 Days Dificulty: Easy

You have new Savings Stars 🅎 🗴 🕏

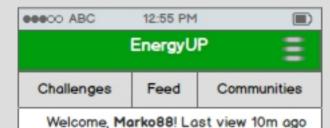

Your Total Budget Savings

32,12 €

#### Color Gradient

The current Energy Consumption of your house will be shown on the gradient bellow. The more you save, the greener it gets!

Good saving results are shown Green

Average Values are Yellow/Orange

Bad Consumption\Savings are ... BAD!

OK, Got it!

GOOD O<- Your Consumption

BAD

#### Feeds for Marko88@Kelongantie1F

MIKKO: Any advices on choosing a new washing machine?

ANDREA: You can check the TexnoX store, they have Ô new models

PETRI: I would not recommend buying BrandX, it spent as much as the old Ø one in my case!

MERI: I can see that my floor heating consumes way too much, but I really like it...
